

William Branham Sermon Index – Sorted Alphabetically by Sermon Title

The “**Date Preached**” is in the format of yyyy-mmdd (first 4 numbers are the year – next 2 numbers are the month – and the last 2 numbers are the day). The extension after the date distinguishes between sermons preached on the same day: “a.m.” means “morning”; “p.m.” means “evening”; and so on. If no extension is on the date, then there is only one recorded sermon on that date.

The “**Mamalis Sermon #**” format is “sermon number/year” (the last 2 numbers are the year, all numbers prior to that indicate which sermon). (Note: If a sermon number has an asterisk (*) after it, then it is a sermon that has been fit in to this numbering system and may not be the exact number that is used by A. David Mamalis.)

The “**Seed Library**” is a collection of sermons that were distributed to church libraries in years past when it was too expensive to duplicate the entire sermon collection.

Now over 1100 of William Branham’s sermons are available for downloading from the internet, free of charge. See “Sermons” under the “Resources” pages on tucsontabernacle.com.
